Notes on Discussions:

1. TM Saunders reported a minor sewer over flow near Town Centre Drive on 11/23, due to a line blocked by grease.
2. Saunders reported that a water leak on Walnut Ave and one in Hills Quarter have been repaired.
3. Saunders reported that Pat Chenoweth has achieved final certification for her lab at the WWTP, which saves the town significant testing and monitoring expenses versus having to send everything to a commercial lab.
4. Saunders reported that there has been continued progress on radio read meter inventory.
5. Saunders advised the committee that he is trying further measures to reduce blower noise at the WWTP.
6. Bill Rosenbaum gave an update on his work on the Wiggins Avenue Force Main replacement design and engineering and said he should have bid documents ready soon.
