Discussion items:

1. TM Saunders provided an update on staff activities.
2. After installation of the pump at Norris Pond, the existing controller has begun to fail. Replacement was installed March 6.
3. TM Saunders provided a review of sewer main corrections behind Kilmarnock Baptist Church.
4. The committee discussed a request for a resolution supporting a study of the potential impacts of hydraulic fracturing (“fracking”) on drinking water aquifers, etc.
5. The committee discussed the Town’s response to issues with consumers’ lateral sewer lines in light of accessing piping that ran below VDOT roadways. No changes are suggested at this time.

FYI:

Recommendations to Council:

Action item(s):

Recommend Town Council issue a resolution to the General Assembly supporting a study of the potential impacts of hydraulic fracturing (“fracking”) on drinking water aquifers.

Recommended for further study: None
