### Discussion Items:

1. The committee discussed any remaining information regarding DEQ consent order. The public comment period closed on November 6, 2014. We will have 30 days to comply with the recommendations.
2. The committee was updated on progress on the Main Street sewer improvement study. Progress Engineers is completing its final report and drawings.
3. An update of programs that support sewer tie-ins was given. We have one residence that is applying for a grant through the National Fish and Wildlife Foundation.
4. Staff reported that operations are proceeding normally.

### FYI:

1. Staff toured trainees from Three Rivers District Dept. of Health (their onsite sewage treatment facilities).
2. Grit removal from the equalization basins is needed. Approximately 260cu yd. between the two tanks. Also, Digesters have approx. 40cu yd. of grit that needs to be removed. Will be an unbudgeted expense item.

**Recommendations to Council: N one**

**Recommended for further study: None**
