PRIVATE SEPTIC SYSTEM PUMP-OUT/INSPECTION PROGRAM

September 30, 2009

Dear Property Owners With Private Septic Systems,

The Town of Kilmarnock is required to implement a Septic System Pump-out/Inspection Program which requires all private septic systems to be pumped out at least every five years. This program is in accordance with Sec. 54-485 of the Kilmarnock Chesapeake Bay Preservation Ordinance as mandated by the Chesapeake Bay Local Assistance Board of the Virginia Department of Conservation and Recreation (DCR).

Since the Chesapeake Bay Preservation Ordinance applies to all land within the Town Of Kilmarnock, all properties with private septic systems are required to comply with this program. Please use the compliance and verification form below, which must be filled out and returned to the Town Hall office by **July 31, 2010**. The return of this form will serve as documentation that you have met the requirements of this program.

Additional copies of this form can be found on the Town website at www.kilmarnockva.com, along with other useful information. Completed forms may be returned either by post office, hand delivered to the town office, or by fax transmittal.

Sincerely,
Marshall A. Sebra
Planning/Zoning Director
