Council Member Rebecca Tebbs Nunn   \_x\_  
Mayor Raymond Booth (ex-officio)    \_x\_

**Town Staff Attendees:**

Town Manager Tom Saunders            \_x\_

**Visitors:**

**Notes on Discussions:**

1. The Committee discussed a letter received from the Lancaster County Community Library expressing interest in Town Centre property for a possible expansion or relocation of the library. The Committee asked TM Saunders to draft a letter for its consideration that will invite the library to consider the property but to also advise it that the Town will be moving ahead with plans for a new Town Hall and won't be interested in a "swap" if it's going to take years to accomplish.
2. TM Saunders advised the committee that the back room of the Police/Community development building leaked during hurricane Irene and that the ceiling will probably have to come out to prevent a mold outbreak. He advised that it may be necessary to move those offices to the main building if it becomes unhealthy.
3. The Committee discussed options to place electrical power on the town property at Main\Town Centre Drive and chose to have pedestals installed in at least two locations away from the street to facilitate events in the future.
